ANOTHER ACCIDENT.—It would seem as if melancholy accidents were taking the place of murderous assaults. Two accidents were recorded by us yesterday, and this morning we are called upon to mention still another. Yesterday morning a young man named Chas. E. Blakesly was driving W. C. Glissan's team, and when some three miles from town, on his way to the wood ranch, one of the wagon wheels dropped into a deep hole. The jar was such as almost to throw him from his seat, and he attempted to jump clear of the wagon, but in doing so his feet caught in the lines, so that he fell to the ground, his right thigh striking across a large rut. The effect of the fall was to break the thigh and split it for about three inches. His face and hands were also considerably bruised. Mr. Blakesly is yet a young man, and in apparent good health, so that there are hopes of saving the injured limb. We saw him at the County Hospital yesterday, as comfortable as he could be, and suffer-

ing but little pain. GEO. P. IHETE & Co .- These gentlemen recently opened in San Francisco a mining record office and real estate agency. A real estate agency is nothing new in San Francisco, but the idea of connecting with such a business a mining record office is entirely new, nothing of the kind ever having been attempted in San Francisco, although so much needed as a means of keeping the mining public properly advised of the condi-tion of mines in different localities on the coast, by keeping a complete record of the locality, the development, the price at which mines can be purchased, and all information calculated to facilitate the sale of mines. Gen. Thrie is well known on this coast as a gentlema of experience and sagacity and of a high order of integrity. It is not the design of this firm to pass opinions upon the merits of mines entrusted to their care, but only to afford a record of mines for sale, in connection with the purchase and sale of real estate, stocks, etc.

RE-ARRESTED. -On the 27th of November last an affray occurred at Dry Valley, in this county, between James Evans and Henry Lucas, resulting in the death of the latter. Evans was arrested and brought to jail in Pioche, where he remained until the Grand Jury examined mained until the Grand Jury examined into the case, and, failing to find a bill, he was discharged. This we supposed would be the last of the affair, but such is not the case. The Grand Jury now in session finding additional evidence bearing upon the case. Evans has been arrested, and now awaits the action of the authorities. The details of the tragedy, as far as they were known up to edy, as far as they were known up to e time of the re-arrest of Evans have been given in our columns, and as we have no desire to create any feeling for or against the accused, we defer any comment in relation to the affair.

ARREST OF LEVY .- The cricumstances of the underground fight between the forces of the Raymond & Ely and those of the Pioche Phenix are still fresh in the public mind. It will be remembered that Thomas Ryan, one of the Phenix men, was killed in the difficulty between the two companies, but the shot by which Ryan was killed could not be which Ryan was killed could not be charged upon any particular person. Suspicion, however, pointed to James Levy as the party who fired the shot which killed Ryan. Levy was not seen here after the difficulty, but hearing that he was at Hamilton, he was sent for and brought to this place. He now remains in custody while the Grand Jury is investigating the affair. There is no surmising what the result may be.

TICKETS FOR THE RAFFLE. - We are leased to learn that the tickets for Mrs. Lovell's raffle are meeting with a ready sale. Those who desire to invest in such a venture would do well to procure a ticket before it is too late. There are 400 tickets, at \$2.50 each and the prop-erty to be raffled for is valued at \$1,000. No blanks; every ticket draws a prize.

Inconforation.-The proposed bill for incorporating the City of Pioche, a synopsis of which we published yesterday.

meets with much favor from the public. though there are some whose opinions are entitled to respect who are opposed to any incorporation at all. The opposition is based upon the hypothesis that an incorporation will involve the city in debt. With all due respect, we submit that with the election of a Board of

Councilmen such as the people are supposed to be capable of selecting from among themselves, there is little danger, particularly as the Council is restricted to an aggregate of \$10,000 in the matter of city indebtedness. We were first to broach the subject of an incorporation, and while favoring the project, we have heretofore been willing and are so now, to permit those who differ with us to evto permit those who differ with us to extheir views through the columns of the Record. As incorporation is a matter of interest to all, every variety of opinion should be allowed free expression, and the matter should be calmly

discussed through the medium of the press, to the end that the delegation

from this county be fully advised of the wishes of their constituents. We found no objectionable feature in the bill to be forwarded from here, and earnestly hope it may become a law. PRAISWORTHY. - A subscription was started yesterday in behalf of the young man McKean, who was so severely injured in the Peacock mine on Wednesday by an explosion. The handsome amount of \$342 50 was raised for his amount of Soes of was fined for the relief. This is praisworthy conduct on the part of our citizens, and should ever be remembered to their credit. Marion Richardson and John Kilfoy were active

in soliciting contributions. DISTRICT COURT. -No business was transacted in open Court yesterday, and it stands adjourned until Saturday, the 18th. In chambers, in the case of the Kentucky Co. vs. Hermes Co., the plaintiff was required to give an additional bond for \$10,000, making \$15,000 in all, to defendant. The motion to disselve the restmining order was overruled.

CAPT. BARER, who had both legs broken by an explosion in the Spring Mountain Tunnel, is still in a precarious condition. Some re-action has taken place, and his physician is awaiting a favorable opportunity to amputate his leg. He is greatly prostrated. He is under the medical attendance of Dr. D. L. Deal.

MR. McKEAN, of whose injuries by an explosion in the Peacock mine mention was made yesterday, is not so dang rous as was at first supposed. Dr. Deal hopes to save one of his eyes, and also his arm, which is considerably bruised and shattered.

NEVADA STATE LOTTERY .- It is generally understood that the drawing will take place on the 1st of February. Tickets are selling fast, and all will soon be sold. H. R. Breakey is the agent in

Dr. Foltz, whose critical condition we mentioned a few days since, was at last accounts improving. It is the earnest hope of many friends here that he may entirely recover.

PRITCHARD has advanced the price of freight by his fast line to 12 cents a pound. The appearance of the horse disease at the other end of the line is the cause

Passenger Can.-Day before yesterday the first passenger car on the Pioche and Bullionville Railroad was being put up, and will soon be ready for use.
